Community Development Block Grant (CDBG)

The U.S. Department of Housing and Urban Development (HUD) provides annual grants through its Community Development Block Grant (CDBG) to local entitlement cities to assist organizations to provide decent housing, a suitable living environment and expand economic opportunities to low and moderate income persons. As part of the CDBG program, it is required that the Citizen Participation Plan provide a process to create opportunities for low and moderate income households to participate in the process of planning, implementation and assessment of program and projects. The Citizen Participation Plan here will reflect HUD programmatic requirements and to insure greater public participation.

In specific geographic areas in which Milpitas provides direct assistance with CDBG contains high concentration of minority populations including Asian, Hispanics and Black households.

The rationale for targeting these areas for allocating CDBG funds based on financial, social and economic needs of several working class neighborhoods.

To be an eligible recipient of CDBG funding, each service provider must provide evidence that they meet one of the national objectives in addition, the funds must create one of the following:

- Decent Housing
- A Suitable Living Environment, and
- Economic Opportunity

Furthermore, eligible CDBG activities must meet at least one of the National Objectives:

- Benefiting low and moderate income persons (at least 51% served are LMI)
- Aid in the Prevention of Slum and Blight
- Urgent Need

The CDBG grant allocation is funded based on the HUD requirements of a maximum of:

- 65% to Non-Public Services
- 15% to Public Services
- 20% to Program Administration (including Fair Housing Services)

In 2014, the City Council discussed funding priorities for CDBG allocations. The table below reflects their priorities:

Public Services	Non-Public Services
1. Senior Services	1. Home Repairs/Rehabilitation
2. Homeless Services/Sheltering	2. Affordable Housing
3. Child Care	3. Rental/Apartment Rehabilitation
4. Victims of Domestic Violence	4. Historic Preservation
5. Youth/Teen Services	
6. Sheltering and Services	
7. Code Enforcement	

Every two years, Milpitas City Council holds a public meeting to reconsider the CDBG funding priorities. Copy of the public hearing notice is advertised in the newspaper and copy of the notice is send to all services providers and interested parties and on the City's website.

Limited English Proficiency

Pursuant to 65 FR 50121 of Executive Order 13166 requires every Federal agency that provides financial assistance to non-Federal entities must publish guidance on how their recipients can provide meaningful access to Limited English Proficiency (LEP) persons and this comply with Title VI regulations forbidding funding recipients from restricting an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid

or other benefits under the program or from utilizing criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin or have the effect of defeating or substantially impairing accomplishments of the objectives of the program as respects individuals of a particular race, color or national origin.

The City of Milpitas Housing Division, which administers the Community Development Block Grant (CDBG) Program, is responsible for the preparation, noticing and implementing the Limited English Proficiency Plan.

City of Milpitas Limited English Proficiency Plan

The purpose and the intent of the Limited English Proficiency Plan is to encourage public participation in the review, allocation and funding in various Community Development Block Grant (CDBG) documents including the Action Plan, Consolidated Annual Performance Evaluation Report (CAPER) and Five-Year Consolidated Plan and amendments. Local residents, service providers and other interested parties are encouraged to participate in the development, implementation and performance assessment to identify the City's housing priorities, and needs and non-community development (public services) needs for very-low, low-, and moderate income households. Citizen participation would also include the development and reassessment of the City's five-year strategic plan as outlined in the Consolidated Plan to meet the needs and annual Action Plan to implement the strategic plan. All residents are invited and encourage assisting the City in meeting its performance goals and objectives.

The following Community Development Block Grant documents will be addressed in the Limited English Proficiency Plan:

- 1) The Annual Action Plan
- 2) The Consolidated Annual Performance Evaluation Report (CAPER)
- 3) The Five-Year Consolidated Plan
- 4) Citizen Participation Plan
- 5) Any Substantial Amendments to the Plans/Report stated above

What is the Limited English Proficiency Plan?

The Limited English Proficiency Plan addresses individuals who do not speak English as their primary language and have a limited ability to read, write, speak or understand English also known as Limited English Proficiency (LEP) are also individuals, many who are very-low and low-income. Those who LEP are entitled to language assistance with respect to a particular type of service, benefit or encounter through the allocation of Community Development Block Grant funds. LEP individuals can face barriers to accessing important benefits or services. The Federal Government funds a variety of programs through CDBG that can be made accessible to otherwise eligible LEP persons. The Federal Government is committed to improving the accessibility of these programs and activities to eligible LEP persons.

How is Limited English Proficiency Determined?

Recipients of Community Development Block Grant funds are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. The following four guidelines must be considered in the preparation of the Limited English Proficiency Plan:

- 1) The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or grantee;
- 2) The frequency with which LEP individuals come in contact with the program;
- 3) The nature and importance of the program activity or service provided by the program to people's lives; and
- 4) The resources available to the grantee/recipient and costs.

The intent of the guidelines stated above is to suggest a balance between ensuring meaningful access by LEP persons to critical services, while not imposing undue burdens on small business, small local governments or small nonprofits.

After analyzing the four guidelines stated above, a recipient may conclude that different language assistance measures are sufficient for different types of programs or activities in which it engages.

Identifying LEP Individuals Who Need Language Assistance

The first two guidelines require an assessment of the number or proportion of LEP individuals eligible to be served or encountered and the frequency of encounters. The 2014 American Community Survey depicts the population as the following:

Ethnicity	Milpitas, 2014	Santa Clara County, 2014
White	14%	34.1%
Black	2.2%	2.4%
American Indian and Alaska Native	0.2%	0.2%
Asian	63%	32.9%
Native Hawaiian and Other Pacific Islander	0.6%	0.3%
Some other race alone	0.1%	0.2%
Two or more races	3.3%	3.1%
Latino (or Hispanic)	16.6%	26.7%

The population indicates that the demographics of Milpitas is very diverse. And that coincidentally, the percentage of those speaking another language at home, also matches this diversity:

Language Spoken at Home	Milpitas
English Only	35.9%
Language other than English	64.1%

As illustrated from the demographic population chart stated above, Milpitas is a very diverse community coincidentally with a multitude of languages. In the 2014 American Community Survey, data shows that 64.1% of Milpitas residents spoke a language other than English versus a 35.9% speaking English only. The average household size in the County is 2.96. The increase in household size can be attributed to the increase of several generation remaining in the household and extended families due to recent immigration or due to the highest cost, limited housing in the area. In 2013, Bay Area Economics and 2010 US Census has identified that 77.1% of the total population in Milpitas are over the age of 18 years.

Given the City of Milpitas diversity and ethnicity among its population, it would be extremely difficult to prepare a plan that would include the dozens of languages that are spoken within the city. The proposed LEP will attempt to address as many languages as time and financial resources will allow.
